***More Woodturning Magazine* Introduces the Woodturning Club Newsletter Support Program**

Sarasota, FL – The *More Woodturning Magazine* introduces the Woodturning Club Newsletter Support Program. This program was designed with the goal of helping woodturning clubs publish their newsletter each month.

“Anyone that has tried to publish a monthly woodturning club newsletter knows how hard it is. Finding fresh new content each month is difficult and time consuming.” stated Dennis Daudelin, the new publisher of the *More Woodturning Magazine*. “We wanted to help the woodturning clubs and their newsletter editors be successful by sharing monthly content with them that they can use in their newsletters.”

The Woodturning Club Newsletter Support Program is an “opt-in” program where newsletter editors can register to receive monthly content from us. Each month, they will receive an email that contains two items: a woodturning article and a list of woodturning events. These items can be placed into the club’s newsletter to help make it more robust and useful to club members.

Participation in the program is free and newsletter editor email addresses are never used for anything other than this program. Newsletter editors agree to properly credit *More Woodturning Magazine* for the content and provide a link back to our web site.

Newsletter editors can sign in by visiting this web page:
