**History of Sign Language: Deaf History Start ASL**

May 30, 2023

Juan Pablo de Bonet Geronimo Cardano, an Italian mathematician and physician, was probably the first scholar to identify that learning does not require hearing. He discovered in the 1500s that the deaf were able to be educated by using written words. He used his methods to educate his deaf son.

**Sign Language Definition: History Facts Britannica**

Apr 28, 2023

Sign language is any means of communication through bodily movements, especially of the hands and arms, used when spoken communication is impossible or not desirable. The practice is probably older than speech. Sign language may be as coarsely expressed as mere grimaces, shrugs, or pointings or it.
